Product Size 45*45*15 cm

Packaging Size: 52,5*28*41,5 cm

Weight: 11,5 Kg

Description: With the GRLLR Tokyo table grill, you can prepare the most delicious food without having to leave the table. The tradition of Shichirin grilling finds its origin in Japan and is used in almost every street restaurant. GRLLR got inspired by its rich history and the atmosphere it creates, so we decided to bring all of that goodness to YOUR table! The round Tokyo BBQ is perfect for creating cosy shared memories with your friends and family, surrounded by good food, appetising aromas and the sound of the crackling fire.

The ceramic used for the GRLLR Table Grill ensures a sturdy barbecue that is not only visually pleasing but also retains heat efficiently. The ventilation on the side allows for ideal airflow and temperature control. The stainless-steel grill grid is designed especially for smaller pieces of food.

You can also choose a colour that fits your style! This Tokyo Table Grill comes in three shades: red, for those who want a touch of colour, black for an elegant flair, and white, for a clean and pure look.
